## Front-End Developer

✉ shafiuzzama02@gmail.com ☎ 8700456848 in LinkedIn 🌐 <https://github.com/>

### PROFILE

Experienced Frontend Developer with 1 year of expertise in creating intuitive user interfaces and responsive designs. Proficient in HTML, CSS, JavaScript, and React.js skilled in optimizing performance and integrating APIs. Proactive learner committed to teamwork and documentation.

### PROFESSIONAL EXPERIENCE

#### Brioso Technologies, Front-End Developer

Oct 2022 – Feb 2024 | Noida, IND

- Designed intuitive user interfaces using HTML, CSS, and JavaScript.
- Developed responsive designs for seamless accessibility across devices.
- Optimized website performance through code minification and image compression.
- Collaborated with UI/UX designers to translate wireframes into functional interfaces.
- Conducted cross-browser compatibility testing for consistent performance.
- Managed codebase efficiently using Git for version control.
- Stayed updated with latest frontend technologies and best practices.
- Resolved frontend issues through systematic debugging techniques.
- Documented codebase for seamless knowledge transfer within the team.

### PROJECTS

#### Portfolio

Explore my recent projects and creative works showcasing my expertise in frontend development. Discover detailed insights into my latest projects, including innovative design solutions, responsive layouts, and optimized user experiences. Dive into a collection of my creative endeavors, demonstrating my passion for crafting intuitive interfaces and pushing the boundaries of web design.

#### Tocke-Web-App

As an integral member of the development team, I spearheaded the development of Tocke-Web-App, a cutting-edge web application aimed at revolutionizing the retail experience through an innovative coupon generation system. Leveraging my expertise in React.js, HTML, CSS, and Material-UI (MUI), I played a pivotal role in crafting the frontend of the application, ensuring a visually stunning and seamless user experience.

#### Events Management Services

Experienced Events Management Specialist proficient in HTML, CSS, SASS, MUI, and React.js with a focus on delivering immersive experiences. Expert in utilizing React.js and Context API to create dynamic, responsive event interfaces. Adept at optimizing user engagement and operational efficiency.

#### Course Management System

I developed a comprehensive Course Management System using HTML, CSS, React.js, and key features such as Context API, props, hooks, and React Router. Leveraging React.js powerful ecosystem, I designed an intuitive interface for efficient course organization and management. This project demonstrates my proficiency in front-end development and my ability to utilize React.js and related technologies to create dynamic and user-friendly web applications.

#### Travel Website

Experience my dynamic tourism project, where HTML, CSS, Bootstrap, ReactJS, and React Router DOM converge to create an immersive digital exploration. Through meticulous design and responsive layouts, I crafted a user-centric platform that seamlessly navigates global destinations. Leveraging React hooks and props, I ensured optimal performance and code efficiency, showcasing my expertise in modern web development.

#### YouTube Clone

Developed a YouTube clone web application using HTML, CSS, Bootstrap, and React to replicate the core functionalities of the popular video-sharing platform. Utilized Bootstrap framework for responsive design, enhancing compatibility across various devices and screen sizes.

### SKILLS

HTML, CSS, JAVASCRIPT, TYPESCRIPT, REACT.JS, SASS, MUI, Redux, React Router, Responsive Design, Context API, Debugging, Hooks

### EDUCATION

Visvesvaraya Technological University (VTU),  
Computer Science Engineer (CSE)

Aug 2022 | Bengaluru, IND
